

ICTS Digest: June 2014

To: ICTS Members

The latest news from the ICTS is now posted on the ICTS website rather than through a newsletter. Periodically the **ICTS Digest** will be emailed to our members to highlight important announcements and opportunities. Let us (icts@dom.wustl.edu) know about your research successes so we can feature your work in future editions.

As you explore the [ICTS website](#), be sure to check out the latest information in these areas:

ICTS Core Highlight

- Explore the revised Center for Clinical Research Ethics ([CCRE](#)) webpage. The Center provides [consultation](#) on research ethics, training and research design. The CCRE also provides administrative support for the [Interdisciplinary Bioethics Network](#) (IBN) at Washington University through an integrated calendar of events and an IBN Associate database.

SPARC Funding Program Announcement

- The ICTS announces collaboration with the Indiana University Clinical and Translational Science Institute (ICTSI) as well as other academic institutions and pharmaceutical companies to offer the Strategic Pharma-Academic Research Consortium (SPARC) Funding Program. Initially focused on advancing research, new medicines and/or personalized medicine for autoimmune diseases, the RFP is open to Washington University investigators. Awards will provide **up to \$400,000 for up to 2 years**. Application instructions are available on the [ICTS website](#), but applications are to be submitted directly to Indiana.

2014 BJHF/ICTS Clinical & Translational Science Research Awards

- The [21 projects](#) funded for the 2014 cohort are described on the ICTS website.
- The 2014 BJHF/ICTS RFA announcement will be distributed to all ICTS members early July and available on the ICTS website.
