The CH^2 funding competition is conducted in two stages, dependent on advancement through successive rounds. Click on each stage in the right menu for additional information and requirements.

**Evaluation/Judging Criteria**
Entries at each stage (Stage 1 and Stage 2) will be judged according to the following criteria:

- **Significance/Impact** of the problem in child health
- **Creativity/Need** of the research solution
- **Feasibility/Approach** of the project and solution
