

## ICTS Digest: February 2014

### To: ICTS Members

The latest news from the ICTS is now posted on the ICTS website rather than through a newsletter. Periodically the **ICTS Digest** will be emailed to our members to highlight important announcements and opportunities. Let us ([icts@dom.wustl.edu](mailto:icts@dom.wustl.edu)) know about your research successes so we can feature your work in future editions.

As you explore the [ICTS website](#), be sure to check out the latest information in these areas:

### Success Story

- [Spotlight](#) on Melody Goodman, PhD program to educate community members about research

### Enhancing the Visibility & Impact of Your Research

- The ICTS, in cooperation with the Bernard Becker Medical Library, bi-annually offers a course in optimizing research discoverability and access. The [next session](#) is planned for Wednesday, March 26, 2014 from Noon – 1 pm. [Registration link](#).

### Expanded Research Tools:

- The ICTS Center for Administrative Data Research announces expansion of the **Truven Health Analytics MarketScan® Commercial Claims Database** from 5 to 7 years of data (<http://www.icts.wustl.edu/CADR>)

### Community Survey Report

- Approximately 4% of investigators responding to an ICTS survey reported community research partnerships and 86 community organizations were identified. See the [full report](#) on the ICTS Tracking & Evaluation page.

**ICTS Navigation Resources:** More than 70 investigators have consulted with Betsy Keath, as she provides research project guidance or assists in navigating to the right ICTS resources. 35% of those queries were connected to 2 or more cores or resources.

- [Personalized Consultation](#) available for ICTS members
- Electronic tool ([eNavigator](#)): investigator driven, web-based tool for education and navigation to ICTS resources
