NIH Funding Acknowledgement

Use of any ICTS Core or service requires the following NIH Funding Acknowledgement for all publications and projects.

“Research reported in this publication was supported by the Washington University Institute of Clinical and Translational Sciences grant UL1 TR000448 from the National Center for Advancing Translational Sciences (NCATS) of the National Institutes of Health (NIH). The content is solely the responsibility of the authors and does not necessarily represent the official view of the NIH.”

ICTS Scholars and Trainees, please note:

ICTS grant supported scholars and trainees should reference the applicable NIH sub award number noted below for their direct career development/training support.

KL2 TR002346 – ICTS Multidisciplinary Clinical Research Career Development Program
TL1 TR000449 – ICTS Clinical Research Predoctoral Training Program

Questions can be directed to icts@wustl.edu or 314-362-9829.

For more information please browse the National Center for Advancing Translational Sciences (NCATS) and/or the Clinical and Translational Science Awards program websites.

Publication Requirements

Applicable clinical trials must be registered with ClinicalTrials.gov.

PubMed Central ID (PMCID)

NIH-funded investigators are required to submit (or have submitted for them) their final, peer-reviewed manuscript to PubMed Central (PMC) upon acceptance of publication to be made publicly available within 12 months of publication. This policy applies to NIH-funded manuscripts accepted for publication on or after April 7, 2008. Note: PMCID is not the same as PMID.

See the WU Benard Becker Medical Library website for complete instructions.
